"Your health. Your life. Our passion."

PROUD PARTNERS

THE PREMIER PERIODONTAL PRACTICE OF THE TRIANGLE

Drs. Reinaldo Deliz-Guzman, Aakash Mehandru, Justin Valentine, Michael Kretchmer and Michael Stella are committed to providing you with excellent dentistry in a comfortable environment. Our friendly, knowledgeable team will address every question and concern. Your oral health needs, goals and priorities are the focus of your customized treatment plan. We want to work with you to create the beautiful, healthy smile of your dreams.

In its 20th year of providing conservative, compassionate care, Tar Heel Periodontics has been the leader in providing world class continuing education for dentists in the Triangle. If you are new to the area and have found a new general dentist, they most likely have attended our courses.

Our doctors enjoy giving back in dentistry, which includes teaching at Adams UNC School of Dentistry and volunteering at Wake Smiles Dental Clinic and the UNC Student Health Action Coalition. Our doctors have also served as presidents of both major local dental societies, covering the entire Triangle.

Tar Heel Periodontics also supports local sports teams in North Carolina. We are proud partners of the Carolina Hurricanes, Durham Bulls, and North Carolina FC and NC Courage soccer teams.
